

TRANSFORMATIONAL SOUL FOCUSED HEALING

Energy Medicine for the Body Mind Heart & Soul

The Art of Energy Medicine

Level I – The Foundation

December 6, 7 & 8, 2024

Friday and Saturday 10am - 6pm, Sunday 10am - 5pm

Location: 184 Realty Row, Suite 3, Boone, NC

Soul Focused Healing is a precise and scientific system of energy medicine. It works with the perfected anatomical design of the energy field through the Chakra System, and its corresponding organs, glands, and systems of the body, unlocking the mystery of the cellular memory and revealing the pathway of dis-ease and disharmony in the body, mind, heart, and Soul. When this system is clean, balanced, and aligned it allows the innate intelligence and wisdom of the Soul to express itself freely through the personality body, bringing deeper levels of health, vitality and consciousness into one's body and life.

Join us for a class that will begin to transform your life and teach you skills to work with your patients, clients, family, friends, and yourself - bringing a new dimension of being into your life.

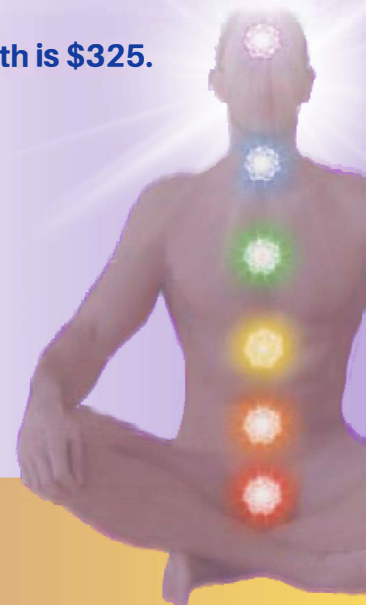

This Experiential Level I class will include:

- The 7 Chakras and their Organs and Glands
- Energy Anatomy and Physiology
- Sensing and Feeling Energy
- Guided Meditations
- Distance Healing

The cost of this course is \$350. Early registration before December 6th is \$325.

Kendal McDevitt, MA is a Certified Soul Focused Healing practitioner and teacher. She has a masters degree in Somatic Psychology with a focus in Dance/Movement Therapy from Naropa University, and over 25 years of training in meditation and contemplative practices. Kendal began her study and practice of SFH in 2014 during her 15-year career at Appalachian State University in Boone, NC where she worked in counseling, public health, and wellness. In 2018, a personal health crisis inspired her to open her own healing business. The profound and lasting healing effects from SFH fuel her passion for sharing this work with others. She currently lives in Boone, NC, and provides both in-person and remote sessions and classes.
