"Anchoring in Your Divine Self"

Mastery is the Art of releasing ourselves from the confines of the human conditioning that has accumulated on the human journey and remembering who and what we truly are. Returning to our Divine Essence is the purpose of every human life. Remembering our true nature as Love opens the door to the Ascended state we all came from.

This Mastery will be an opportunity to heal, release, and explore our Divine Nature or I AM Presence.

This original primal God Spark resides deep within each and every heart beyond the limited human ego and beckons us to know our original God Nature. By releasing the belief systems and programs of the lower self that we have accumulated on our earth journey, we open to this intrinsic part of our being ready to guide our way to deeper states of unity, peace, and love.

These Mastery Trainings are supported and guided by the Ascended Masters creating a container of Light to help awaken deeper levels of the heart and soul, remembering who we are and why we are here.

This Mastery will include:

- Guided Meditations and Activations...Support by the crystal bowls with Anya Maria
- Activating the Pineal Gland that links the spiritual body with the physical body
- Remembering and Embodying deeper levels of the Soul and the I AM Presence
- The Transmutation Power of the Sacred Flames
- Deepening the understanding of trust, acceptance, and surrender to your own Divine Nature.

**A Prerequisite for attendance is an open heart and mind with a passion to live beyond the program of duality and limitation to remember who we are and why we are here.*
